House of Representatives

Dear Mr. Chairman:

The enclosed data is provided for your information and use in reviewing the President's fiscal year 1992 budget and preparing your Committee's Views and Estimates report to the House Budget Committee. The data include a listing of authorization, program, and budget information for those entities under your jurisdiction, sorted by subcommittee. The Government Printing Office galleys, which contain the appendix data for your report, have already been provided to your staff.

We obtained these data from executive agencies and prepared the enclosed information in response to your request. While we did not verify the data submitted by the agencies, we did check the account totals against Office of Management and Budget data to assure consistency with the President's budget. We also incorporated the program and budget information provided by your staff. We hope that the information will be helpful.

Sincerely yours,

James L. Kirkman
Director, Budget Issues
